Department Curriculum Map

Department Overview	
Department Name	Graduate Institute of National Policy and Public Affairs
Class Group	Master's Program

Educational Objectives	
Code	**Description**
A	**Cultivate Academic Research Talents in Public Affairs and Policy:** Equip students with in-depth knowledge in public policy and interdisciplinary fields and the research skills necessary to identify and address key issues in public affairs. Students will develop the ability to inquire, analyze, and critique public policies, preparing them to offer valuable academic insights and practical recommendations on public matters.
B	**Develop Policy Analysis Talents:** Teach students the essential knowledge and techniques for policy analysis, enhancing their practical skills in planning and implementing policies. This will prepare students to become proficient policy analysis experts capable of contributing effectively to various policy-making processes.
C	**Foster Professional Public Management Talents:** Develop students' skills in public affairs management, ensuring they are well-prepared to enter the public sector. Upon graduation, students will be confident to participate in civil service exams and will be sought after by government agencies and diverse sectors of society.

Students Core Competencies
